SUSSEX COUNTY
FOUR SEASONS OF AGRICULTURE

LOCAL FARMS. LOCAL FOOD. LOCAL FUN.

July 30, 2026

Dear Municipal Clerks,

We are pleased to announce the launch of the new **Four Seasons of Agriculture** website, <http://www.sussexfarmvisits.com>, an interactive online resource designed to promote Sussex County's vibrant agricultural community and agritourism opportunities.

The website features a user-friendly, map-based application that allows residents and visitors to discover local farms, farm markets, wineries, pick-your-own operations, agricultural attractions, and seasonal agritourism events throughout Sussex County. By connecting consumers directly with local agricultural businesses, the platform supports our farming community while encouraging visitors to explore the diverse agricultural experiences available year-round. The website provides an engaging way for users to explore agricultural offerings by location, season, and activity type, making it easier than ever to connect with local farms and events.

We invite your municipality to help spread awareness of this new resource by sharing it through your municipal website, social media channels, newsletters, community bulletin boards, and other communication platforms. Your support will help ensure that residents and visitors can easily access information about the many agricultural destinations and experiences available throughout Sussex County.

We appreciate your partnership in supporting Sussex County agriculture and helping to strengthen the connection between our communities and local farming operations. Should you have any questions or wish to learn more about the **Four Seasons of Agriculture** initiative, please do not hesitate to contact us. Thank you for your continued support of Sussex County agriculture.

Sincerely,

Autumn Sylvester, P.P.
CADB Administrator/Principal Planner
